

EVER SAFETEX CO., LTD.

Air Flow Raincoat

Since 1958, we aim to be one of the best garment manufacturer to provide outdoor wears for all kind of activities, like hiking, outdoor enthusiastic, performance adventurer, industrial hard workers, casual wear and various government agency like military, EPA, police, postmen, coast guard...etc.

In order to bring people better function products, ON 2014, We bring in new range of "breath fashion wear" products, for better comfort and fashion for various brand' s designer to lunch new products. We continue improve the comfort of seam taping wear for many ways, in 2021, we develop new series of "AIR FLOW" raincoat. This is brand new design which takes the comforting of the outer wear to a new lever.

If you want to know about our [Air flow], or "breath fashion ", come visit us at TITAS2023 exhibition and we can all brainstorm together to search for new aeras of utilizing our new design.
