

BENTEX ESSENTIAL SUSTAINABLE TEXTILES CO., LTD

A company that is Essentially Sustainable!

Are you looking for the next big thing in the Textile Industry? Have you heard of a new innovative yarn or technology and aren't sure where to find it? The answer is quite simple actually, just visit Bentex at Titas 2022. The possibility is that we already have it or can get it for you is almost 100%. As our name suggests we are in essence a sustainable company with a plethora of green and eco-friendly yarns and technologies.

Are you looking for a partner to help you reach your sustainable or carbon reduction goals? Bentex is the answer for all your textile needs whether it is different compositions or constructions. Whether it be a knit or a woven fabric. We have you covered. Bentex is a forerunner in all things sustainable.

We cater to a wide range of customers from footwear, apparel, hard goods, backpacks to outdoor products. We strive to provide our brand partners with a competitive advantage by offering a wide range of innovative and functional technologies. Working in this industry for over three decades we offer our expertise on an extensive range of products from uppers, linings to woven. 5% of our annual revenue is dedicated to research and innovation to ensure that we are a cut above the rest.

We have a dedicated team that provides unparalleled service to all customers. Quality Control is also one of our priorities to ensure that we provide complete customer satisfaction.
