

## Yi Shin Textile Industrial Co., Ltd. Magic Yarn

Yi Shin Textile Industrial Co., Ltd. is a leading functional yarn (DTY/ACY) manufacturer in Taiwan. Our products fit for all kinds of textiles in the use of apparel (sportswear, underwear, blouses, dresses, jackets, suits, jeans, etc.), shoes, bags, furnishing, medical fabric, automotive upholstery, etc.

We market our products under the name of our trademark "Magic Yarn". The product series includes BES for biodegradable enhancement, and CAC (Cellulose Acetate Comfort) for great hand feel cooling performance and sustainability. Graphene for premium thermal conductivity, GRS-certified recycled products, and bio-based yarns extracted from agricultural waste for environmental protection. 37.5 specialty yarn for moisture management.

As sustainability is our goal for us, we also set up an eco-friendly production process which is called LEMTT, in order to achieve carbon neutrality in the end. It is to go higher automation to save the labor force (L), reduce electricity consumption, save energy (E), decrease the use of cartons (M=material) to lower paper usage, lessen the times of transportation (T) to decrease oil consumption, to adjust working hours properly (T=time) to achieve a better work-life balance.
