

DJIC LIMITED

Established in 1989, DJIC has gradually evolved throughout the years into becoming today a fully vertically integrated fabric manufacturer, owning dyeing, yarn dyeing, knitting, printing and finishing facilities, all located in Taiwan.

Having been in the textile industry for over two decades, we boast tremendous experience with regard to fabric development and our products, which include both knits and woven fabrics, have proven to be greatly appreciated by our customers.

Our main markets include the USA, Europe, Hong-Kong, China, Asia, etc., where 95 percent of our production is exported every year to the absolute satisfaction of our clients.

Our customer-oriented sales team includes a skilled team of sales professionals, who have the particularity to speak different languages, including English, Mandarin, Cantonese, French, Italian, Spanish, Japanese, etc., which enables us to communicate with our clients in their own native languages and establish more trustful and long-lasting business relationships.
